

Annual Report-2014

PREFACE

The concept of social well being is precisely helpful in many ways. No matter, what type of way or path is pursuing to achieve the sublime objectivity. Of course, imparting knowledge or removing darkness and to bring the society towards enlighten entity, is the most precious, pious and constructive act. “Work is worship” the sole and most enthusiastic preaching of ancient “Rishis and Saints” is still relevant to us and we proudly admit that we have been endeavoring, offering and tendering our best input in keeping view that a strong resolution and sustained endeavor can lead towards our dream and objectivity.

The trees and flower of a garden have to be trimmed to make it look stunning and appealing, otherwise the plants and bushes will go haywire and spoil the beauty of garden and won't reap proper blossoms. Similarly, a child has to be pruned of its baser instincts and trained in a proper manner, in order to be beneficial to society. For this, KBS provides its pupils with the right kind of education. In keeping with the needs of the society and not only create great professionals excelling in their fields' but also good human beings.

Mr. Sanjeev Lama, Prakash Baral and Arjun Simkhada got selected in their respective professional courses the first one is doing MBBS from Kathmandu University and others two in engineering college doing their BE from TU.
